

APPENDIX F: Answers to Exercises**Session 2: Exercises**

Give as many reasons as you can (there may be more than one per example) why the following titles should or should not be cataloged as serials.

Example 1

Cover: Volume 18, Number 1 | Winter 2007

Adobe Magazine

Publishing, Design, and Digital Media

Page 3: Adobe Magazine (ISSN 1081-4477) is published four times a year in January, April, July, and October ...

1. ISSN
2. Enumeration and chronology
3. Statement of frequency indicates continuing publication
4. The word 'magazine.'

Example 2

First page: **World Stock Exchange Fact Book**

Cover: **World Stock Exchange Fact Book
2000**

Verso page 1: The *World Stock Exchange Fact Book* is published annually in one volume.
ISBN 0-9648930-1-0
ISSN 1087-500X

1. ISSN
2. There is a coverage date on the cover, 2000.
3. There is a stated frequency.

Example 3

It is known that this title is issued every two years.

First page: ISSN 1058-1626

SERVICE INDUSTRIES USA

Third Edition

1. ISSN
2. 3rd ed. can serve as enumeration since we know it is issued frequently.

Example 4

Issue 1 title page:

Academic Freedom
1990
A Human Rights Report

Issue 2 title page:

Academic Freedom
2
A Human Rights Report

Issue 3 title page:

Academic Freedom 3
Education and Human Rights

The numbering changes from chronological to numeric, but there is clear numbering on each issue.

Example 5

	Issue 1	Issue 2
Cover:	Tokyo Stock Exchange 2003 FACT BOOK	Tokyo Stock Exchange 2004 FACT BOOK
Spine:	TSE 03 Fact Book	TSE 04 Fact Book

From the two pieces it is clear that the title is issued annually and that the dates are years of coverage.

Example 6

Page [vii]: **The Frank C. Brown Collection of
North Carolina
Folklore**
Volume One
Games and Rhymes • Beliefs
And Customs • Riddles •
Proverbs • Speech •
Tales and Legends

Durham, North Carolina
Duke University Press
1952

Vol. t.p.: The Frank C. Brown Collection of
**North Carolina
Folklore**
IN FIVE VOLUMES
Durham, North Carolina
Duke University Press

This is a multi-part monograph complete in five volumes and not a serial.

Example 7

This is a publication of limited duration that has a stated frequency and numbering and can be treated as a serial according to 12.0A.

Example 8

First page:

**PROCEEDINGS OF
THE EIGHTH ANNUAL
ACM-SIAM SYMPOSIUM
ON DISCRETE ALGORITHMS**

Association for Computing Machinery
New York
Society for industrial and Applied Mathematics
Philadelphia

Verso:

Proceedings of the Eighth Annual ACM-SIAM Symposium on
Discrete Algorithms, New Orleans, Louisiana, January 5-7, 1997
ISBN 0-89871-390-0

This can be cataloged as a serial since it is an ongoing symposium and has terms (8th) that can serve as enumeration.

Indicate which field(s) would need editing and which fields you would add to the record above.

1. The Encoding level can be changed to blank (if CONSER library) from "7" (Minimal level).
2. Note that that publishing statement has the abbreviated form "The Museum" which is now not used. This does not need to be changed, unless you wish to do so to provide better access through the 260 field.
3. The physical description could be completed, although this is not critical. (The 300 field is not required for CONSER Standard Record maintenance anyway.)
4. Latest issue consulted should be added; and the 936 deleted.
5. Subject headings should be added to the record.
6. The earlier title link should be checked against your catalog to see if you hold the title and if so, whether the form of the linking entry matches.

Session 7: Exercises

In part A, indicate whether the change is major or minor according to the rules given below. The emphasis in this section is simply on recognizing when a new record is required.

In part B, complete the abbreviated workforms to indicate the tagging and coding of the relevant bibliographic data. The emphasis in this section is on closing out the old record and tagging and coding the bibliographic data in the new record or editing an existing record.

From AACR2:

If a major change occurs in the [title proper](#) of a serial, make a new entry.

21.2C2. Definition of major and minor title changes for serials

a) **Major changes.** In general, consider as a major change in a [title proper](#) of a serial the addition, deletion, change, or reordering of any of the first five words (the first six words if the title begins with an article) unless the change belongs to one or more of the categories listed in [21.2C2b](#).

Consider also as a major change the addition, deletion, or change of any word after the first five words (the first six words if the title begins with an article) that changes the meaning of the title or indicates a different subject matter.

Also consider as a major change in [title proper](#) a change in a [corporate body](#) name given anywhere in the title if it is a different corporate body.

b) **Minor changes.** In general, consider the following to be a minor change in a [title proper](#) of a serial:

- i) a difference in the representation of a word or words anywhere in the [title](#) (e.g., one spelling vs. another; abbreviated word or sign or symbol vs. spelled-out form; arabic numeral(s) vs. roman numeral(s); numbers or dates vs. spelled-out form; hyphenated words vs. unhyphenated words; one-word compounds vs. two-word compounds, whether hyphenated or not; an acronym or initialism vs. full form; or a change in grammatical form (e.g., singular vs. plural))
- ii) the addition, deletion, or change of articles, prepositions, or conjunctions anywhere in the title
- iii) a difference involving the name of the same [corporate body](#) and elements of its hierarchy or their grammatical connection anywhere in the title (e.g., the addition, deletion, or rearrangement of the name of the same [corporate body](#) or the substitution of a variant form)
- iv) the addition, deletion, or change of punctuation, including initialisms and letters with separating punctuation vs. those without separating punctuation, anywhere in the title
- v) a different order of titles when the title is given in more than one language in the [chief source of information](#), provided that the title chosen as title proper still appears as a [parallel title](#)
- vi) the addition, deletion, or change of words anywhere in the title that link the title to the [numbering](#)

- vii) two or more titles proper used on different issues of a [serial](#) according to a regular pattern
- viii) the addition to, deletion from, or change in the order of words in a list anywhere in the title, provided that there is no significant change in the subject matter
- ix) the addition, deletion, or rearrangement anywhere in the title of words that indicate the type of resource such as “magazine,” “journal,” or “newsletter” or their equivalent in other languages.

In case of doubt, consider the change to be a minor change.
