

Session 7: Exercises

In part A, indicate whether the change is major or minor according to the rules given below. The emphasis in this section is simply on recognizing when a new record is required.

In part B, complete the abbreviated workforms to indicate the tagging and coding of the relevant bibliographic data. The emphasis in this section is on closing out the old record and tagging and coding the bibliographic data in the new record or editing an existing record.

From AACR2:

If a major change occurs in the title proper of a serial, make a new entry.

21.2C2. Definition of major and minor title changes for serials

a) **Major changes.** In general, consider as a major change in a title proper of a serial the addition, deletion, change, or reordering of any of the first five words (the first six words if the title begins with an article) unless the change belongs to one or more of the categories listed in 21.2C2b.

Consider also as a major change the addition, deletion, or change of any word after the first five words (the first six words if the title begins with an article) that changes the meaning of the title or indicates a different subject matter.

Also consider as a major change in title proper a change in a corporate body name given anywhere in the title if it is a different corporate body.

b) **Minor changes.** In general, consider the following to be a minor change in a title proper of a serial:

- i) a difference in the representation of a word or words anywhere in the title (e.g., one spelling vs. another; abbreviated word or sign or symbol vs. spelled-out form; arabic numeral(s) vs. roman numeral(s); numbers or dates vs. spelled-out form; hyphenated words vs. unhyphenated words; one-word compounds vs. two-word compounds, whether hyphenated or not; an acronym or initialism vs. full form; or a change in grammatical form (e.g., singular vs. plural))
- ii) the addition, deletion, or change of articles, prepositions, or conjunctions anywhere in the title
- iii) a difference involving the name of the same corporate body and elements of its hierarchy or their grammatical connection anywhere in the title (e.g., the addition, deletion, or rearrangement of the name of the same corporate body or the substitution of a variant form)
- iv) the addition, deletion, or change of punctuation, including initialisms and letters with separating punctuation vs. those without separating punctuation, anywhere in the title

- v) a different order of titles when the title is given in more than one language in the chief source of information, provided that the title chosen as title proper still appears as a parallel title
- vi) the addition, deletion, or change of words anywhere in the title that link the title to the numbering
- vii) two or more titles proper used on different issues of a serial according to a regular pattern
- viii) the addition to, deletion from, or change in the order of words in a list anywhere in the title, provided that there is no significant change in the subject matter
- ix) the addition, deletion, or rearrangement anywhere in the title of words that indicate the type of resource such as “magazine,” “journal,” or “newsletter” or their equivalent in other languages.

In case of doubt, consider the change to be a minor change.
